The law governing vending machine sales subject to the gross receipts tax states:

- (a) Each person operating any vending machine for the benefit of a charitable nonprofit organization by which merchandise of the market value of the coin deposited not exceeding twenty-five (25) cents is sold or delivered to customers, shall have the privilege and option of registering with the Department of Revenue, reporting gross receipts vended through such machines, and paying tax thereon, in lieu of sales tax, at the rate of one and one-half percent (1.5%) of the gross receipts of the machines.
- (b) To comply with the above option, the legal names of the owning entity and the charitable nonprofit organization benefiting from the proceeds of the machine must appear on each vending machine. Each vending machine must have a permanent registration on forms provided by the department at a cost for which the department may charge a fee, plus a licensing fee for each individual company registered.
- (c) Any person, firm, or corporation engaged in this business operation shall immediately notify the department of its option to pay under this chapter, and, failing to notify the department, shall pay sales tax as provided by law.
